

SearchResults

Rank	NCT Number	Title	Acronym	Status	Study Results	Conditions
1	NCT04915040	Management of Depression and Social Isolation in Older Adults With Dementia With Home-based Telehealth Delivered Behavioral Activation + Caregiver Facilitation.		Not yet recruiting	No Results Available	Depression
2	NCT03922217	e-Mindfulness for Depression	MMW	Recruiting	No Results Available	Depression/Mental Health Disorder
3	NCT02440815	Multimodal MRI Characteristics of Psychotherapy Response in Late Life Depression	PRS	Recruiting	No Results Available	Major Depressive Disorder
4	NCT03896035	Improving Outcomes for Older Veterans With Chronic Back Pain and Depression		Recruiting	No Results Available	Chronic Back Pain Depression Aging
5	NCT01305589	The Effect of Problem Solving Therapy and Antidepressant Therapy on Cerebral Perfusion and Brain Derived Neurotrophic Factor (BDNF) in Depressed Elders		Recruiting	No Results Available	Major Depressive Disorder
6	NCT04189939	Computational Psychiatric Approach to Depression		Recruiting	No Results Available	Depression
7	NCT04673513	Cognitive Behavioral Therapy for Depression: Helping Clients Learn New Skills		Recruiting	No Results Available	Depression
8	NCT03256760	Sleep and Healthy Aging Research for Depression (SHARE-D) Study	SHARE-D	Recruiting	No Results Available	Depression in Old Age
9	NCT02133898	The Use Of L-Methylfolate As A Treatment For Depression		Recruiting	No Results Available	Depression
10	NCT03889543	Effects of an ER Beta Agonist (Lilly Compound LY500307) on Estradiol-Withdrawal-Induced Mood Symptoms in Women With Past Perimenopausal Depression		Recruiting	No Results Available	Perimenopause-Related Depression
11	NCT02174055	Identifying and Measuring Depression in Older Cancer Patients		Recruiting	No Results Available	Older Cancer Patients
12	NCT04524767	Depression Screening in Black Churches		Not yet recruiting	No Results Available	Depression
13	NCT03663579	An Adaptive Intervention for Depression Among Latinos Living With HIV.	Latino-SMART	Recruiting	No Results Available	Depression
14	NCT04016896	Depression Prevention in Older Spousally-bereaved Adults	WELL	Recruiting	No Results Available	Depression
15	NCT04845347	A Wearable Morning Light Treatment for Postpartum Depression		Recruiting	No Results Available	Post Partum Depression
16	NCT04670510	Fitness for Brain Optimization for Late-Life Depression	FIT BOLD	Not yet recruiting	No Results Available	Depression in Old Age
17	NCT04730180	Comparison of Targeting Methods for Transcranial Magnetic Stimulation Treatment of Depression	XRnav	Not yet recruiting	No Results Available	Depression
18	NCT03421808	EEG Synchronized TMS Trial for Depression		Recruiting	No Results Available	Depression
19	NCT04646681	Development of a Targeted Patient Portal Intervention to Improve Depression Treatment Adherence and Outcomes	Patient Portal	Recruiting	No Results Available	Depression
20	NCT03997240	Applied Clinical Neuroscience Care for Self-reported Symptoms of Depression and Cerebellar Function in Adults		Recruiting	No Results Available	Depression
21	NCT03786614	Antidepressant Discontinuation in Treatment Resistant Depression		Recruiting	No Results Available	Treatment Resistant Depression
22	NCT04760652	Cognitive Behavioral Therapy Following Esketamine for Major Depression and Suicidal Ideation for Relapse Prevention	ENDURE	Recruiting	No Results Available	Depression and Suicide
23	NCT00737399	Anxiety and Depression Levels in Cancer Patients After Self-Application of EFT (Emotional Freedom Techniques)		Recruiting	No Results Available	Depression
24	NCT03525245	Adjunctive Alogenic Mesenchymal Stem Cells for Treatment-resistant Bipolar Depression		Not yet recruiting	No Results Available	Treatment-resistant Bipolar Depression
25	NCT03004443	Inflammation-Induced CNS Glutamate Changes in Depression		Recruiting	No Results Available	Depression
26	NCT04002063	Does Adding a Tailored Cognitive Behavioral Therapy (CBT) Mobile Skills App Mediate Rates of Depression	CBT Mobile-V	Not yet recruiting	No Results Available	Depression
27	NCT03241225	EM/PROTECT: Improving Depression in Elder Mistreatment Victims		Recruiting	No Results Available	Depression
28	NCT04839718	Evaluation of the Achieving Depression and Anxiety Patient Centered Treatment (ADAPT) Program	ADAPT	Recruiting	No Results Available	Depression Anxiety
29	NCT04781127	Home-administered IDCS for Treatment of Depression		Recruiting	No Results Available	Unipolar Depression Treatment Resistant Depression
30	NCT03464630	Reducing Maternal Depression and Promoting Infant Social-Emotional Health & Development	MBN	Recruiting	No Results Available	Depression, Postpartum
31	NCT01868711	Cognitive Behavior Therapy for Depression	CBT	Recruiting	No Results Available	Depression
32	NCT04586699	Meditation Accelerated Brain Stimulation for Depression	MediTMS	Recruiting	No Results Available	Depression
33	NCT04226742	Evaluation of a Crowd-Powered Web Platform for Depression and Anxiety		Recruiting	No Results Available	Depression, Anxiety
34	NCT04876066	Use of Transmucosal Ketamine in Post Stroke Depression		Recruiting	No Results Available	Post-stroke Depression
35	NCT04289298	Reaching and Engaging Depressed Senior Center Clients	REDS II	Recruiting	No Results Available	Depression in Old Age
36	NCT03953417	Bilateral Accelerated Theta Burst in Treatment-Resistant Bipolar Depression		Recruiting	No Results Available	Treatment Resistant Depression
37	NCT04017702	Detection of Postoperative Respiratory Depression in High Risk Patients Utilizing Minute Ventilation Monitoring		Recruiting	No Results Available	Respiratory Depression
38	NCT04093843	TMS for Post Stroke Depression		Recruiting	No Results Available	Post-stroke Depression
39	NCT04582916	PET Imaging of Cyclooxygenase in Participants With Major Depressive Disorder (MDD)		Recruiting	No Results Available	Depression
40	NCT04663841	Neural Circuit Biomarkers of Transcranial Magnetic Stimulation Study		Recruiting	No Results Available	Depression
41	NCT04430959	Candesartan as an Adjunctive Treatment for Bipolar Depression		Recruiting	No Results Available	Bipolar Disorder Depression
42	NCT04433858	An Open Label Study of the Safety and Efficacy of Paloclybin in Participants With Treatment-Resistant Depression (P-TRD)		Recruiting	No Results Available	Treatment Resistant Depression
43	NCT04195308	SAINT for Treatment of Preoperative Depression to Reduce Opioid Use Following Arthroplasty		Not yet recruiting	No Results Available	Treatment Resistant Depression
44	NCT04350567	Sleep/Wake Cycle and Depression: An Imaging and Treatment Study		Recruiting	No Results Available	Depression; Major Depressive Disorder
45	NCT03917979	The Bonny Method of Guided Imagery and Music (GIM) in the Treatment of Depression		Recruiting	No Results Available	Depression
46	NCT03011801	Reducing Fetal Exposure to Maternal Depression to Improve Infant Risk Mechanisms		Recruiting	No Results Available	Depression
47	NCT03749629	Comparative Effectiveness of Pharmacogenomics for Treatment of Depression	CEPIO-D	Recruiting	No Results Available	Major Depressive Disorder
48	NCT04507243	Transcranial Direct Current Stimulation (tDCS) Therapy in Major Depression		Recruiting	No Results Available	Major Depressive Disorder
49	NCT03390933	Identifying and Treating Depression in Hemodialysis Patients		Recruiting	No Results Available	Depression Hemodialysis-Induced Symptom
50	NCT04948844	Frontal Stimulation to Modulate Threat Sensitivity in Anxious Depression		Recruiting	No Results Available	Depression Anxiety and Fear
51	NCT03645096	Development of Pregnenolone as a Treatment for Depression R61		Recruiting	No Results Available	Major Depressive Disorder
52	NCT04433845	The Safety and Efficacy of Paloclybin in Participants With Type 2 Bipolar Disorder (BP-II) Depression.		Recruiting	No Results Available	Treatment Resistant Depression
53	NCT04061148	Near Infrared Spectroscopy (NIRS) for Assessment of Depression	NIRSIT	Recruiting	No Results Available	Major Depressive Disorder
54	NCT03826875	Poststroke Depression in Hemorrhagic Stroke		Recruiting	No Results Available	Stroke Hemorrhagic Depression
55	NCT04283285	Treatment of Depression Post-SCI		Not yet recruiting	No Results Available	Depression Spinal Cord Injuries
56	NCT04680910	Slow Wave Induction by Propofol to Eliminate Depression (SWIPED) - Phase I		Recruiting	No Results Available	Treatment Resistant Depression
57	NCT04041479	Biomarker-guided rTMS for Treatment Resistant Depression	BioTMS	Not yet recruiting	No Results Available	Treatment Resistant Depression Major Depressive Disorder
58	NCT04581902	Biomarkers of Depression and Treatment Response	SUNSET	Recruiting	No Results Available	Depressive Disorder, Major
59	NCT04900272	Intelligent Personal Assistant for Managing Depression in Homebound Older Adults		Recruiting	No Results Available	Aging Physical Dependence
60	NCT04543773	Individualized Targeting and Neuromodulation of Late-Life Depression	TMS-LLD	Recruiting	No Results Available	Major Depressive Disorder
61	NCT04844017	Ketamine for the Treatment of Depression in Parkinson's Disease		Not yet recruiting	No Results Available	Parkinson's Disease Depression
62	NCT03995316	Responsive eHealth Intervention for Perinatal Depression in Healthcare Settings	MMB	Recruiting	No Results Available	Perinatal Depression
63	NCT03870360	Preventing Anxiety and Depression in Older Hispanics	HOLAAD	Not yet recruiting	No Results Available	Depression Anxiety
64	NCT03888139	Reward Function and Therapy for Late-Life Depression		Recruiting	No Results Available	Major Depressive Disorder
65	NCT03973268	Mechanism of Action Underlying Ketamine's Antidepressant Effects: The AMPA Throughput Theory in Patients With Treatment-Resistant Major Depression		Recruiting	No Results Available	Depression Major Depressive Disorder Major Depression
66	NCT04487730	Social Reward and Its Effect on Brain Functions in Psychotherapies for Mid- and Late-Life Depression		Recruiting	No Results Available	Major Depressive Disorder
67	NCT04309877	Theophylline for Depression Study	T-DEP	Not yet recruiting	No Results Available	Depression
68	NCT04004169	Closed-Loop Deep Brain Stimulation for Major Depression	PhaSIDo	Recruiting	No Results Available	Major Depressive Disorder
69	NCT04667520	Testing a Lifestyle Physical Activity Intervention for Women With Depression in Alcohol Treatment	HEART	Recruiting	No Results Available	Alcohol Use Disorder Depression
70	NCT04370002	Sensor-based Characterization of Depression	SENSCODE	Recruiting	No Results Available	Depression, Unipolar
71	NCT03105700	Low Frequency TMS for Depression in Epilepsy	LFTMS	Recruiting	No Results Available	Epilepsy Depressions, Refractory
72	NCT04220125	Preoperative Ketamine and Perioperative Depression		Not yet recruiting	No Results Available	Depressive Disorder
73	NCT03128021	Neural Mechanisms of Monoaminergic Engagement in Late-Life Depression Treatment Response (NEMO)	NEMO	Recruiting	No Results Available	Major Depressive Disorder
74	NCT02620150	SSRI Effects on Depression and Immunity in HIV/AIDS		Recruiting	No Results Available	Depression HIV/AIDS
75	NCT04821271	Antidepressant Effects of TS-161 in Treatment-Resistant Depression		Recruiting	No Results Available	Major Depressive Disorder Treatment-Resistant Depression
76	NCT02891564	ESTIA: Computerized Intervention Targeting Cognitive Control Deficits in Depressed Adults		Recruiting	No Results Available	Major Depression
77	NCT04181736	The Biomarker Guided Study for Depression	BIG	Not yet recruiting	No Results Available	Major Depressive Disorder
78	NCT03952962	Tractography Guided Subcallosal Cingulate Deep Brain Stimulation for Treatment Resistant Depression		Recruiting	No Results Available	Treatment Resistant Depression Undergoing Deep Brain Stim
79	NCT04724447	ANTIVIRAL TREATMENT OF CYTOMEGALOVIRUS IN DEPRESSION		Not yet recruiting	No Results Available	Major Depressive Disorder
80	NCT04744545	RCT of Adjunctive Curcumin and the Meru Health Program		Recruiting	No Results Available	Depression
81	NCT03761030	L-DOPA vs. Placebo for Depression and Psychomotor Slowing in Older Adults		Recruiting	No Results Available	Major Depressive Disorder Dysrhythmia Depression
82	NCT04604210	Symptom-specific TMS Targets for Depression and Anxiety		Recruiting	No Results Available	Depression Anxiety Major Depressive Disorder
83	NCT02719392	A Pilot Study Investigating the Efficacy of Minoxidil and N-Acetyl Cysteine for Bipolar Depression		Recruiting	No Results Available	Bipolar Disorder Bipolar Depression
84	NCT03633206	A Phase III Study of PDC-1421 for Treating Depression in Cancer Patients		Not yet recruiting	No Results Available	Major Depressive Disorder
85	NCT04448327	Impact of Transcutaneous Vagal Nerve Stimulation on Stress Response in Major Depression	IVNS_MDD_Sel	Recruiting	No Results Available	Major Depressive Disorder
86	NCT04328103	Mechanisms of Emotion Regulation Underlying Successful CBT in Depression		Recruiting	No Results Available	Major Depressive Disorder
87	NCT04243798	Establishing a Dose-response Relationship With Accelerated Transcranial Magnetic Stimulation		Recruiting	No Results Available	Treatment Resistant Depression
88	NCT04493320	1/2-Dopaminergic Dysfunction in Late-Life Depression (The D3 Study)		Recruiting	No Results Available	Depression Cognitive Impairment Gait Impairment
89	NCT04925765	Virtual Reality Biofeedback for Postpartum Anxiety and Depression	VITALISE	Not yet recruiting	No Results Available	Anxiety and Depression Postpartum Depression Pregnancy
90	NCT04433767	Depressed Mood Improvement Through Nicotine Dosing 2	DepMIND2	Recruiting	No Results Available	Depressive Disorder
91	NCT04385394	Bright Light Therapy as Augmentation of Depressive Symptoms on Acute Psychiatric Floor	BLT	Recruiting	No Results Available	Depression
92	NCT04141046	LUPUS Brain: tACS to Target the Neurophysiology of Depression, Cognitive Deficits, and Pain in Patients With SLE		Recruiting	No Results Available	Systemic Lupus Erythematosus Depression
93	NCT04961047	Feasibility and Efficacy of a Digital Neurotherapy Protocol for Management of Depression, Cognition, and Quality of Life in Cancer Survivors		Not yet recruiting	No Results Available	Depression Cognition Quality of Life
94	NCT04790630	Cognitive Fitness for Depression in Older Adults		Recruiting	No Results Available	Depression Mild Depressive Disorder, Major Mild Cognitive I
95	NCT04258579	Trial to Test Effectiveness of Depression Intervention for Mistreated Older Adults		Recruiting	No Results Available	Depression Depression in Old Age Elder Abuse Anxiety
96	NCT04905524	Activity Changes in Irritable Bowel Syndrome (IBS), Anxiety, and Depression Following the Use of Viome Precision Nutrition Program (VPNP)		Not yet recruiting	No Results Available	Depression, Anxiety IBS - Irritable Bowel Syndrome
97	NCT04116528	Opiate Suicide Study in Patients With Major Depression	AFSP	Recruiting	No Results Available	Major Depressive Disorder
98	NCT01701284	Repetitive Transcranial Magnetic Stimulation in Cancer Patients With Depression and Anxiety	rTMSinCP	Recruiting	No Results Available	Cancer in Remission (Any Type or Stage) Depression Anxiety
99	NCT04319094	PEERS Using Peer Mentors to Deliver Depression Care		Recruiting	No Results Available	Depression
100	NCT03490253	Diabetes and Depression Text Messaging Intervention	DIAMANTE	Recruiting	No Results Available	Diabetes Depression Physical Activity
101	NCT04513080	Message-Based Psychotherapy and Digital Treatment Sequences for Depression		Recruiting	No Results Available	Study Adherence Depressive Disorder
102	NCT04423757	A Home-based Study Using Mobile Technology to Test Whether BI 1358884 is Effective in People With Depression		Recruiting	No Results Available	Depressive Disorder, Major
103	NCT04937829	A Study to Test How Well Different Doses of BI 1569912 Are Tolerated and How Well They Work in People With Depression Who Take Anti-depressive Medication		Recruiting	No Results Available	Depressive Disorder, Major
104	NCT03748446	Xenon Inhalation Therapy for Major Depressive Disorder and Bipolar Disorder		Recruiting	No Results Available	Major Depressive Disorder Bipolar Depression
105	NCT03207503	Neurobehavioral Mechanisms of Emotion Regulation in Depression Across the Adult Lifespan	Lifespan	Recruiting	No Results Available	Depressive Disorder, Major
106	NCT03152409	Salticic Augmentation in Depression	SAD	Recruiting	No Results Available	Depression Depressive Disorder Major Depressive Disorder
107	NCT04430335	Telephone-Based Intervention to Treat Depression and Anxiety in Hispanic Cancer Survivors		Recruiting	No Results Available	Survivorship Cancer Depression, Anxiety
108	NCT04159207	A Longitudinal Study of Inflammatory Pathways in Depression		Recruiting	No Results Available	Major Depressive Disorder Suicide, Attempted
109	NCT03396601	NRX100 vs. Placebo for Rapid Stabilization of Acute Suicidal Ideation and Behavior in Bipolar Depression	SevereBD	Recruiting	No Results Available	Bipolar Depression Suicidal Ideation
110	NCT04799405	Home-based tDCS in Major Depressive Disorder	MoodStim	Recruiting	No Results Available	Major Depressive Disorder
111	NCT04751331	Neural Response to Inflammatory Challenge in Major Depressive Disorder		Recruiting	No Results Available	Major Depressive Disorder
112	NCT04594616	Waitlist-Control Trial of Smartphone CBT for Major Depressive Disorder (MDD)		Not yet recruiting	No Results Available	Major Depressive Disorder
113	NCT04593563	The Safety and Efficacy of Paloclybin in Cancer Patients With Major Depressive Disorder		Recruiting	No Results Available	Major Depressive Disorder
114	NCT04504253	A Pilot Study of Creatine Monohydrate as an Augmenting Agent for ECT in Persons With Major Depressive Disorder		Recruiting	No Results Available	Major Depressive Disorder
115	NCT04554706	Evaluating a Mobile Phone Intervention		Not yet recruiting	No Results Available	Depression Rumination - Thoughts
116	NCT02046330	Deep Brain Stimulation (DBS) Therapy for Treatment Resistant Depression		Recruiting	No Results Available	Major Depressive Disorder Treatment Resistant Depression
117	NCT04106466	DBS for TRD With the Medtronic Summit RC-S		Recruiting	No Results Available	Major Depressive Disorder Treatment Resistant Depression
118	NCT04509102	Psychostimulant Augmentation of Repetitive TMS for the Treatment of Major Depressive Disorder	Stimulant-rTMS	Not yet recruiting	No Results Available	Major Depressive Disorder
119	NCT03554174	Paloclybin - Induced Neuroplasticity in the Treatment of Major Depressive Disorder		Recruiting	No Results Available	Major Depressive Disorder
120	NCT03246789	Reaching and Engaging Depressed Senior Center Clients (REDS)	REDS	Recruiting	No Results Available	Depression, Unipolar Mental Health Disorder
121	NCT04634669	Open-Label Safety Study of AXS-05 in Subjects With TRD		Recruiting	No Results Available	Treatment Resistant Depression Major Depressive Disorder
122	NCT04426461	Approach-Avoidance, Computational Framework for Predicting Behavioral Therapy Outcome (AAC-BeT)	AAC-BeT	Recruiting	No Results Available	Anxiety Depression
123	NCT03222752	Efficacy of Cranial Electrotherapy Stimulation (CES) for the Treatment of Major Depressive Disorder		Recruiting	No Results Available	Major Depressive Disorder
124	NCT03538691	A Trial to Evaluate the Efficacy, Safety & Tolerability of Brexpiprazole in the Maintenance Treatment of Adults With Major Depressive Disorder		Recruiting	No Results Available	Major Depressive Disorder
125	NCT04740879	The Effects of the Be Mindful Intervention in Previously Depressed Individuals Experiencing Subclinical Symptoms		Recruiting	No Results Available	Depressive Symptoms Major Depressive Disorder, Recurren
126	NCT03826771	Post-Stroke Optimization of Walking Using Explosive Resistance	POWER-D	Recruiting	No Results Available	Stroke Depression

127	NCT03321006	Treating Hearing Loss to Improve Mood and Cognition in Older Adults		Recruiting	No Results Available	Hearing Loss Depression
128	NCT03505905	A Neurosteroid Intervention for Menopausal and Perimenopausal Depression		Recruiting	No Results Available	Major Depressive Disorder Menopause Perimenopause
129	NCT02122562	Ketamine Alcohol (in Treatment-Resistant Depression)		Recruiting	No Results Available	Magnetic Resonance Imaging Major Depression Alcoholism
130	NCT03065335	Neuropharmacologic Imaging and Biomarker Assessments of Response to Acute and Repeated-Dosed Ketamine Infusions in Major Depressive Disorder		Recruiting	No Results Available	Healthy Volunteer Major Depressive Disorder Depression
131	NCT04948996	Treatment of Depression Using a Mobile Application in the Dominican Republic		Recruiting	No Results Available	Depression Mild Depression Moderate
132	NCT03979040	Comparing Group Therapies for Veterans With Depression and PTSD		Recruiting	No Results Available	Major Depressive Disorder Posttraumatic Stress Disorder
133	NCT04469959	Dopaminergic Dysfunction in Late-Life Depression	D3	Recruiting	No Results Available	Late Life Depression Cognitive Decline Depressive Disorder
134	NCT03378570	rTMS for MDD: 5.5cm Rule vs. F3 Targeting		Recruiting	No Results Available	Major Depressive Disorder Depression
135	NCT03276793	Brain Connectivity in Depression		Recruiting	No Results Available	Depression
136	NCT04827901	XEN1101 for Major Depressive Disorder		Not yet recruiting	No Results Available	Major Depressive Disorder
137	NCT04874077	Using Voice Biomarkers to Predict the Likelihood of Major Depressive Disorder		Recruiting	No Results Available	Major Depressive Disorder
138	NCT04639765	Responses to Information on Treatments for Depression		Recruiting	No Results Available	Depressive Symptoms
139	NCT04855760	Open Label Study to Assess the Safety of REL-1017 for Major Depressive Disorder	RELIANCE-OLE	Recruiting	No Results Available	Major Depressive Disorder
140	NCT03322774	Sleep To Reduce Incident Depression Effectively	STRIDE	Recruiting	No Results Available	Insomnia, Primary Major Depressive Disorder Rumination
141	NCT04334278	Development of a Mind Body Program for Obese Knee Osteoarthritis Patients With Comorbid Depression	DOORSTEP	Not yet recruiting	No Results Available	Knee Osteoarthritis Obesity Depression
142	NCT03711760	Telepsychology in Spinal Cord Injury		Recruiting	No Results Available	Spinal Cord Injuries Depression
143	NCT03307070	Adapted Cognitive Behavioral Treatment for Depression in Patients With Moderate to Severe Traumatic Brain Injury		Recruiting	No Results Available	Major Depressive Disorder Traumatic Brain Injury
144	NCT03285808	Allogenic Human Mesenchymal Stem Cell Infusion Versus Placebo in Subjects With Alcohol Use Disorder and Major Depression	Altaurus	Recruiting	No Results Available	Major Depressive Disorder Alcohol Use Disorder
145	NCT04123314	Palioybin for Depression in People With Mild Cognitive Impairment or Early Alzheimer's Disease		Recruiting	No Results Available	Depressive Symptoms Depression Alzheimer Disease Mild Cognitive Impairment
146	NCT04650217	Levodopa and Exercise for Older Adults With Depression and Psychomotor Slowing		Recruiting	No Results Available	Depressive Disorder
147	NCT04177706	Ketamine for the Treatment of Opioid Use Disorder and Depression		Recruiting	No Results Available	Depression Opioid-use Disorder Opioid Abuse
148	NCT04254198	Tertulias Social Isolation Women's Groups Study		Recruiting	No Results Available	Social Isolation Depression
149	NCT04888656	Mindful Moms RCT Study		Not yet recruiting	No Results Available	Depression
150	NCT03484494	Low Field Magnetic Stimulation: Imaging Biomarkers in Geriatric Bipolar Depression	LFMSBioMer	Recruiting	No Results Available	Bipolar Disorder Bipolar Depression Bipolar I Disorder Bipolar II Disorder
151	NCT04499729	Implementing IntelliCare in Collaborative Care: A Quality Improvement Evaluation		Recruiting	No Results Available	Depression
152	NCT04321876	Evaluation of a Collaborative Behavioral Health Program Implementation in Primary Care	WBCBHP	Recruiting	No Results Available	Depression
153	NCT03488748	Stress Management and Resiliency Training for Depression vs Treatment as Usual in the Treatment of Major Depression		Recruiting	No Results Available	Major Depression
154	NCT03952494	Individualizing Antidepressant Treatment Using Pharmacogenomics and EHR-driven Clinical Decision Support	MyGenes	Not yet recruiting	No Results Available	Depression
155	NCT04722666	Study of Efficacy and Safety of MLR21 in Addition to Comprehensive Standard of Care on the Rapid Reduction of Symptoms of Major Depressive Disorder in Subjects Who Have Suicidal Ideation		Recruiting	No Results Available	Major Depressive Disorder With Suicidal Ideation With Intentional Self-Harm
156	NCT03516513	Participatory Design of Electronic Health Record Tools for Problem Solving Therapy		Recruiting	No Results Available	Depression
157	NCT04739865	The Safety and Efficacy Of Palioybin as an Adjunctive Therapy in Participants With Treatment Resistant Depression		Recruiting	No Results Available	Treatment Resistant Depression
158	NCT02623205	Advancing Personalized Antidepressant Treatment Using PET/MRI		Recruiting	No Results Available	Depression
159	NCT04655924	Artificial Intelligence in Depression - Medication Enhancement	AID-ME	Not yet recruiting	No Results Available	Depression
160	NCT04682769	Cardiac Markers in Depressed Patients With Coronary Heart Disease	TREND-3	Recruiting	No Results Available	Coronary Heart Disease Depression
161	NCT03801694	Predicting the Development of Myocardial Depression in Acute Neurological Patients		Recruiting	No Results Available	Myocardial Depression Takotsubo Syndrome Subarachnoid Hemorrhage
162	NCT04739969	Rapid Acting Transcranial Magnetic Stimulation		Not yet recruiting	No Results Available	Treatment Resistant Depression
163	NCT04621786	Electroconvulsive Therapy Amplitude Titration		Recruiting	No Results Available	Major Depressive Disorder
164	NCT04099342	Enhanced Spatial Targeting in ECT Utilizing FEAST		Not yet recruiting	No Results Available	Treatment Resistant Depression
165	NCT04300894	"Mamma Mia" for Perinatal Health and Wellness		Recruiting	No Results Available	Perinatal Depression
166	NCT03938350	Dialectical Behavior Therapy for Pregnant Women		Recruiting	No Results Available	Perinatal Depression
167	NCT0392760	Telehealth Group Intervention for Perinatal Depressive Symptoms	TePOP	Recruiting	No Results Available	Perinatal Depression
168	NCT04861844	Tracking Mood and Language Change Across a Phone-based Mindfulness Intervention		Recruiting	No Results Available	Depression, Anxiety
169	NCT03018132	Preeclampsia Research on Vitamin D, Inflammation, & Depression	PROVIDE	Recruiting	No Results Available	Pre-Eclampsia Depression Inflammation Vitamin D Deficiency
170	NCT03580967	Vortioxetine Monotherapy for Major Depressive Disorder in Type 2 Diabetes		Not yet recruiting	No Results Available	Type2 Diabetes Major Depressive Disorder
171	NCT02461927	Ketamine for the Rapid Treatment of Major Depressive Disorder and Alcohol Use Disorder		Recruiting	No Results Available	Major Depressive Disorder Alcohol Use Disorder
172	NCT03191058	Conformity Efficacy and Safety Trial of Magnetic Seizure Therapy for Depression	CREST-MST	Recruiting	No Results Available	Depression Unipolar Depression Treatment Resistant Depression
173	NCT04621877	Lay-Delivered Behavioral Activation in Senior Centers		Recruiting	No Results Available	Depression
174	NCT03837379	GoalQuit + NRT Sampling		Recruiting	No Results Available	Cigarette Smoking Smoking Cessation Depression
175	NCT04293341	Comparing Individual Therapies for Veterans With Depression, PTSD, and Panic Disorder		Recruiting	No Results Available	Major Depressive Disorder Posttraumatic Stress Disorder Panic Disorder
176	NCT04040582	Psychedelics and Wellness Study (PAWS)	PAWS	Recruiting	No Results Available	Depression, Anxiety, PTSD
177	NCT03265210	A Behavioral Intervention for Depression and Chronic Pain in Primary Care	Relief	Recruiting	No Results Available	Chronic Pain Depression
178	NCT03373981	Non-invasive Brain Stimulation for the Treatment of Depression Symptoms in ALS		Recruiting	No Results Available	ALS
179	NCT03869736	Nitrous Oxide for the Treatment of Major Depressive Disorder		Recruiting	No Results Available	Depression Major Depressive Disorder
180	NCT02919280	Dallas 2K: A Natural History Study of Depression	D2K	Recruiting	No Results Available	Depression Depression, Bipolar
181	NCT03995658	Title: Safety and Feasibility of Individualized Low Amplitude Seizure Therapy (LAST)		Recruiting	No Results Available	Unipolar Depression
182	NCT00183482	Family Cognitive Behavioral Therapy for Preventing Depression in Children		Recruiting	No Results Available	Depression
183	NCT04366258	Transcranial Near Infrared Radiation and Cerebral Blood Flow in Depression	TRIADE	Recruiting	No Results Available	Major Depressive Disorder
184	NCT03861988	Intraoperative Ketamine Versus Saline in Depressed Patients Undergoing Anesthesia for Non-cardiac Surgery		Recruiting	No Results Available	Major Depressive Disorder Surgery Orthopedic Disorder
185	NCT04620759	Palioybin Treatment of Major Depressive Disorder With Co-occurring Alcohol Use Disorder	PalioMDDAUD	Recruiting	No Results Available	Major Depressive Disorder Alcohol Use Disorder
186	NCT02988271	Meditation Therapy in Improving Anxiety and Depression in Cancer Patients With Psychosocial Distress		Recruiting	No Results Available	Anxiety Depression Malignant Neoplasm
187	NCT04489485	Online System for Identifying and Addressing Teen Depression in Primary Care	Depression	Not yet recruiting	No Results Available	Major Depression Dysthymia Depressive Symptoms
188	NCT03601117	Accelerated Intermittent Theta Burst Stimulation for Depressive Symptoms	aTBS	Recruiting	No Results Available	Depression and Suicide
189	NCT04059952	Mechanism of Action of Electroconvulsive Therapy	MoA-ECT	Recruiting	No Results Available	Unipolar Depression Bipolar Depression
190	NCT04091347	Depression and Pain Perseverance Through Empowered Recovery Intervention	DAPPER	Recruiting	No Results Available	Pain Depressive Symptoms Frailty Aging

Device: Phonak Audio B-R 90 hearing aid device (Active); Drug: Duloxetine or escitalopram; Device: Audio B-R 90 hearing aid device (Sham)	Hamilton Rating Score for Depression (HRSD); Clinical Global Impression Severity and Improvement (CGI); Social Adjustment Scale Self-Report (SAS-SR) Score
Drug: Pregnenolone; Drug: Placebo	Montgomery-Asberg Depression Rating Scale (MADRS); Hamilton Anxiety Rating Scale (HARS); Pittsburgh Sleep Quality Index (PSQI); Menopause Specific Quality of Life (MEN-QOL); Greene Climacteric Scale (GCS); Rey Audit
Drug: Ketamine; Other: Alcohol Infusion	Montgomery-Asberg Depression Rating Scale (MADRS); Biphasic Alcohol Effects Scale (BAES); Drug Effects Questionnaire (DEQ); Profile of Mood States (POMS); Number of Drinks Questionnaire (NODQ); Self-Rating of the Effect
Drug: Ketamine; Other: Placebo; Device: Cobot TS MV robotic arm for TMS	To demonstrate more robust neuropharmacodynamic effects measured by neuropharmacodynamic imaging (fMRI+EEG and MEG) of ketamine 0.5 mg/kg as compared to placebo administered over 40 minutes. (Ketamine Me
Behavioral: El Buen Consejo Móvil- Group (EBCM-G); Behavioral: El Buen Consejo Móvil- Individual (EBCM-I)	Adapted Computer-Mediated Communication Questionnaire (CMCQ); Adapted Depression Training Program Evaluation (DTPe); Change in NIH Toolbox Emotional Support Scale score; Change in Three-Item Loneliness Scale s
Behavioral: Group Transdiagnostic Behavior Therapy; Behavioral: Group Disorder-Specific Therapy (G-DSTs)	Depression Anxiety Stress Scale (DASS-Depression); Illness Intrusiveness Ratings Scale (IIRS); PTSD Checklist for DSM-5 (PCL-5)
Drug: L-Dopa; Drug: Placebo	Change in WAIS-IV Coding Test Score; Change in WAIS-IV Pattern Comparison Test Score; Change in WAIS-IV Letter Comparison Test Score; Change in NIH EXAMINER Test Score; Change in Gait pattern; Change in Effort Expe
Device: Repetitive transcranial magnetic stimulation	Percentage change in MADRS score; Response and remission rates on MADRS; Personality measures; Clinical Global Impression Scale; PHQ-9 changes; Montreal Cognitive Assessment (MoCA) score changes; Cognitive measur
Other: MRI scan; Behavioral: Behavioral testing	Prediction of rTMS clinical response
Drug: XEN1101; Drug: Placebo	Change in activation within the reward circuit by fMRI; Change in Montgomery-Asberg Depression Rating Scale Score; Change in Quick Inventory of Depressive Symptomatology, Self-Report (QIDS-SR) Score; Change in Snaith
Other: CBT without Personalization; Other: CBT with Personalization; Other: ADM without Personalization; Other: ADM with Personalization; Other: Combined Treatment without Personalization	Sensitivity and specificity of the Kintsugi's technology's prediction; Sensitivity and specificity to depression at the PHQ-9 score of 10; Sensitivity and specificity to depression at the GAD-7 score of 10
Drug: REL-1017	Regression change from baseline in expectations on the Credibility/Expectancy Questionnaire (CEQ); Regression change from baseline in prognostic pessimism on an adapted version of the Perceptions of Depression Scale (P
Behavioral: digital Cognitive Behavioral Therapy for Insomnia; Behavioral: face-to-face Cognitive Behavioral Therapy for Insomnia; Behavioral: Sleep Hygiene Education Control	Safety and tolerability of REL-1017 as incidence of treatment emergent adverse events (TEAEs)
Behavioral: 3RP-QA; Behavioral: Health Enhancement Program	Preventing major depressive disorder development with dCBT/vCBT-1 stepped care treatment for insomnia; Effectiveness of Stepped Care model of dCBT/vCBT-1 for insomnia remission; Mediation of Depression Prevention b
Behavioral: telepsychology	Treatment Adherence; Accelerometer Compliance; Number of Missing Specimens; Daily Practice Adherence
Behavioral: Cognitive Behavioral Therapy for individuals with TBI; Other: Waitlist Control	Change in Patient Health Questionnaire-9; Change in Generalized Anxiety Disorder-7; Change in Satisfaction with Life Scale
Drug: allogeneic human mesenchymal stem cells (allo-hMSCs); Drug: Placebo	QIDS-C
Drug: Palicocytin	Incident of treatment emergent-serious adverse events; Change in serum concentrations of high sensitivity C-reactive protein; Change in serum concentrations of inflammatory biomarkers; Change in depressive symptoms as
Drug: Carbidoopa/levodopa; Drug: Placebo; Behavioral: Exercise training; Behavioral: Control	Change in Cornell Scale for Depression in Dementia (CSDO) score; Change in Quality of Life Alzheimer's Disease (QOL-AD) scale score
Drug: Ketamine Hydrochloride; Drug: Placebo	Hamilton Rating Scale for Depression (HRSD) Depression (HRSD); Inventory for Depressive Symptomatology-Self Report (IDS-SR) Symptomatology-Self Report (IDS-SR)
Behavioral: TERTULIAS structured dialogue peer support groups; Behavioral: Modified Attention Placebo Control (MAPC)	Percentage of Individuals Completing Informed Consent; Percentage of Individuals Completing the Full Protocol; Change in Depression Severity
Behavioral: Mindful Moms; Behavioral: Prenatal Education	Change in Depression; Change in Resilience; Change in Social Support; Change in Perceived Stress; Knowledge and Empowerment at 12 Months (Intervention arm only); Changes in Social Network Density and Characteristics (I
Device: Low Field Magnetic Stimulation	Change in depressive symptom severity; Change in anxiety; Change in stress
Device: IntelliCare; Behavioral: Treatment as Usual (TAU)	Change in resting state brain activity measured by functional Magnetic Resonance Imaging; Change in resting state Gamma-aminobutyric acid concentration measured by Magnetic Resonance Spectroscopy.
Behavioral: Collaborative Behavioral Health Program	Depression; Number of assessments; First to last assessment
Behavioral: Stress Management and Resiliency Training for Depression (SMART-D) Therapy	Impact of implementation strategies on the speed of CBHP implementation (time, in days); Impact of implementation strategies on the quantity of CBHP implementation (number of CBHP participants); Acceptability of CBHP/E
Genetic: Genomind; Professional PGx Express TM	Change in patient health questionnaire depression assessment; Change in severity of depression; Change in measures of resilience; Change in perceived stress scale
Drug: MLIJ21 Intravenous Injection; Drug: Placebo Intravenous Injection	Response, as defined by > 50% reduction in Hamilton Depression Rating Scale (HAM-D); Remission, as defined by < 8 on Hamilton Depression Rating Scale (HAM-D); Conformance between antidepressant medication presc
Behavioral: Problem Solving Therapy as Usual; Behavioral: Assisted Problem Solving Therapy	Change from baseline in the total score of the Montgomery-Asberg Depression Rating Scale (MADRS); Number and severity of treatment-emergent adverse events (TEAEs) and adverse events of special interest (AESI); Pharm
Drug: Palicocytin	Acceptability of Intervention Measure (AIM); User Burden Scale; System Usability Scale; Patient Health Questionnaire; Sheehan Disability Assessment Scale; PST Adherence Scale
Drug: Escitalopram; Drug: Placebo	Improvement in depressive symptoms; Incidence of response; Incidence of remission; Improvement in Clinical Global Impression - Severity; Adverse Events
Device: Clinical Decision Support System	Change from Baseline in Hamilton Depression Rating Scale at 8 weeks; Change from Baseline in MRGLU (quantified using arterial blood analysis) at 8 weeks; Quantification of brain MRGLU without an arterial catheter by training
Other: Other	Rate of Safety - Adverse Events; Effectiveness in Reduction of Depression Symptoms; Time to Remission; Response Rate; Patient Disability with WHODAS rating scale
Device: Active TBS-DLPFC; Device: Sham TBS-DLPFC	This is our primary measure of depression severity.
Device: Mecta Spectrum 5000Q paired with Soterix Medical 4X1 HD - ECT Multi-Channel Stimulation Interface	Association of plasma catecholamine levels with stress induced cardiomyopathy; Association of troponin levels with stress induced cardiomyopathy; Association of ST-T changes on EKG with stress induced cardiomyopathy
Device: FEAST; Device: FEAST RP; Device: FEAST RC	Rates of remission one month after treatment in the Montgomery-Asberg Depression Rating Scale (MADRS) score; Rates of response one month after treatment in the Montgomery-Asberg Depression Rating Scale (MADRS)
Device: Mamma Mia; Other: Mamma Mia Plus	Inventory of Depressive Symptomatology - Clinician (IDS-C); Delis-Kaplan Executive Function System verbal fluency (DKEFS) test score
Behavioral: Dialectical Behavior Therapy (DBT) Skills Training	Seizure Drive Markers on EEG; Seizure characteristics on EEG; Seizure characteristics by motor observation; Time for Reorientation in Seconds; Aroused Side Effects; Change in Hamilton Depression Rating Score (HDRS); Chan
Behavioral: UPLIFT Program; Behavioral: Attention Control Group	Change in depression symptom severity; Change in subjective well-being; Change in anxiety; Change in stress
Behavioral: mindfulness training; Behavioral: active listening	Recruitment Rate; Retention Rate; Acceptability of the Intervention; Change in Patient Health Questionnaire (PHQ-9) Score; Change in PTSD Checklist for Diagnostic and Statistical Manual of Mental Disorders (DSM-5) (PCL-5) S
Other: mental health screening, education and referral program	Change in Depressive Symptoms Over Time; Change in Anxiety Symptoms Over Time
Drug: Vortioxetine	Change in mood assessed using the Profile of Mood States (POMS); Change in anxiety assessed using the State-Trait Anxiety Inventory (STA).
Drug: Ketamine + Naltrexone; Drug: Ketamine + Placebo; Drug: Placebo (psychoactive placebo midazolam) + Placebo	Depressive symptoms; Depression Diagnosis; Anxiety symptoms; Post-traumatic stress symptoms; Perceived stress; Acceptability of Mental Health Program; Benefits of Mental Health Program; Feasibility of Mental Health Progra
Device: Magnetic Seizure Therapy; Device: Electroconvulsive Therapy	Change in depressive symptoms measured by Hamilton Depression Rating Scale (HAM-D)
Behavioral: Volunteer-delivered Behavioral Activation; Behavioral: Master's level clinician-delivered Behavioral Activation	Montgomery-Asberg Depression Rating Scale (MADRS); Time Line Follow Back (TLFB)
Behavioral: Treatment as Usual; Combination Product: Goa2Qait + NRT Sampling	Improvement in symptom severity of depression as measured by the Hamilton Rating Scale for Depression - 24 (HRSD-24); Cognitive adverse effects as indexed by the Autobiographical Memory Test (AMT); Improvement in sy
Behavioral: Transdiagnostic Behavior Therapy; Behavioral: Cognitive Processing Therapy for PTSD; Behavioral: Cognitive Behavioral Therapy for MDD; Behavioral: Cognitive Behavior	Hamilton Rating Scale for Depression (HAM-D); Behavioral Activation Scale (BADSA); World Health Organization Disability Assessment Schedule (WHODAS II); Client Satisfaction with Treatment (CSQ)- 3 Item
Behavioral: RELIEF	7 day point prevalence abstinence; Mean score of depressive symptoms
Device: rTMS	PTSD Checklist for DSM-5 (PCL-5); Patient Health Questionnaire - 9 (PHQ-9); Panic Disorder Severity Scale (PDSS)
Drug: Nitrous Oxide; Drug: Placebo	Change in Patient Health Questionnaire-9 (PHQ-9); Change in Generalized Anxiety Disorder-7 (GAD-7); Change in HERO Wellness Scale
Other: Observational Study	Change in clinically significant depressive symptoms, as measured by the Montgomery-Asberg Depression Rating Scale (MADRS); Change in pain-related disability, as measured by the Roland-Morris Disability Questionnaire (R
Device: MRI; Device: MagPro TMS stimulator and coil; Device: MECTA paired with the 4X1 HD-ECT	To evaluate safety and efficacy of repetitive transcranial magnetic stimulation (rTMS) using the FDA approved protocol in research subjects with ALS and other Neurodegenerative disorders. To understand the impact of rTMS
Behavioral: Family Group Cognitive Behavioral; Behavioral: Written Information	Change in HDRS-21 score; Treatment response and remission; Pattern of treatment response; Sustainability of treatment response - change in HDRS-21 scores; Sustainability of treatment response - response and remission rat
Device: Transcranial photobiomodulator; Device: Sham	Longitudinal changes in depression severity of subjects with elevated symptomatology on Patient Health Questionnaire (PHQ-9) for non-psychotic depressive disorders; Comparison of Longitudinal changes in functioning as
Drug: Ketamine; Drug: Normal saline (placebo)	Successful seizure induction as measured by topographical EEG and motor manifestations, vital signs, ECG, subjective side effect scale, and adverse events/significant adverse events; Neurocognitive battery known to be se
Drug: Palicocytin; Drug: Placebo	Depressive episodes; Parenting skills of parents; measured at baseline and month 6; Coping skills of children; measured at baseline and month 6; Depression in parents; measured at baseline and month 6; Internalizing and exte
Other: Interview; Procedure: Meditation Therapy; Procedure: Quality-of-Life Assessment; Procedure: Supportive Care	Change of 1-PBM effects on Blood Oxygen Level Dependent (BOLD) signal; Changes in the frequency of suicidal ideation experienced; Change in overall depression severity; Change in overall clinical improvement; Effectiveness
Behavioral: Teen Depression Module used for care	Composite score on Hospital Anxiety and Depression Scale (HADS) and Montgomery-Asberg Depression Rating Scales (MADRS); Pain at surgical site: scale of 0-10; Opioid consumption
Device: Accelerated theta burst stimulation	Change from baseline in grid-version of the Hamilton Depression Rating Scale (GRID-HAMD) score; Change from baseline in percentage of days abstinent as measured by the Time Line Follow Back (TLFB) assessment; Chang
Procedure: Electroconvulsive Therapy	Feasibility of self-administered meditation; Self-administered meditation effect on anxiety and depression as measured by the Edmonton Symptom Assessment Scale (ESAS) questionnaire; The study will evaluate participant's
Behavioral: DAPPER	Change in Short Moods and Feelings Questionnaire; Change in Short Moods and Feelings Questionnaire - Parent version; Change in Self-report of treatment access; Patient Health Questionnaire-9 (PHQ-9); Ask Suicide Screener
Behavioral: Dynamic Interpersonal Therapy	Change in Montgomery-Asberg Depression Rating Scale (MADRS) score; Change in Scale of Suicidal Ideation (SSI) score; Change in Hamilton Rating Scale for Depression Six Item (HAM-D-6) score; Change in Young Mania Rat
Behavioral: Raising Our Spirits Together; Other: Enhanced Control Condition	Changes in Functional Connectivity of Key Nodes; Changes in Functional Connectivity of Memory Circuits
Drug: 0.1 mg/kg Dimethyltryptamine (DMT); Drug: 0.3 mg/kg Dimethyltryptamine (DMT)	Change in Pain Intensity as assessed by the Patient Reported Outcomes Measurement Information System (PROMIS); Change in Pain Interference as assessed by the PROMIS Pain Interference; Change in Depressive Sympto
Device: Transcranial Magnetic Stimulation	Patient Health Questionnaire (PHQ-9); Generalized Anxiety Disorder Scale - 7 Item (GAD-7)
Behavioral: Psychological / Functional Assessment; Other: Structural and Functional MRI; Device: Transcranial Magnetic Brain Stimulation and MR Image Guidance	Change in self-report measure of depressive symptoms
Other: FASTLANE II	Change in Blood Pressure; Change in Heart Rate; Change in Psychotic Effects; Change in Anxiety; Drug Reinforcing Effects; Overall Tolerability assessed by the VAS
Behavioral: Good Days Ahead (GDA); Behavioral: Problem Solving Treatment in Primary Care (PST-PC); Drug: Antidepressant Medications; Other: Active Control	Changes in Functional Connectivity of Key Nodes in Depression
Drug: Epidural saline + IV saline; Drug: Epidural morphine 3 mg + IV saline; Drug: Epidural morphine 3 mg + IV ketamine 0.3 mg/kg	World Health Organization Disability Assessment Schedule 2.0; Veterans RAND 36-Item; Hamilton Depression Rating Scale-24 Items (HAM-D-24)
Behavioral: taking photographs	Depression; Sex Practices; Negotiating Self-Efficacy for Safer Sex; Methamphetamine Use
Behavioral: Adapted CBT; Behavioral: Standard CBT	Change in Hemoglobin A1c at 6 months; Change in Homeostatic Model of Assessment (HOMA) score at 6 months
Drug: Venlafaxine	Perineal pain in postpartum patients 1 week after obstetric anal sphincter injuries; Perineal Pain; Presence of postpartum depression; Assessment of maternal-infant bonding; Medoc Pathway Device Score; Maternal quality of lif
Device: IACS; Device: Sham IACS	Acceptability of the The Gratitude Gallery; Feasibility of the The Gratitude Gallery; Changes in the level of reported gratitude as measured by the Gratitude Questionnaire - 6 (GQ-6); Changes in positive and negative affect as in
Device: Bright Light Therapy (BLT) Lamp	Hamilton Depression Rating Scale (HAM-D); Post-treatment (defined as completing 12 sessions of therapy; this will occur an estimated 12-14 weeks after initial intake interview); Hamilton Depression Rating Scale (HAM-D); 3-
Behavioral: Cognitive-Behavioral Therapy (CBT-SAD); Other: Light Therapy	The rate of depression in patients undergoing treatment for head and neck cancer (HNC)
Diagnostic Test: Electroencephalographic (EEG); Diagnostic Test: Closed loop acoustic stimulation (CLAS); Diagnostic Test: Quick Inventory of Depressive Symptomatology-Self Report	Change in the amplitude of left frontal alpha oscillations measured in eyes-open resting-state EEG recordings from baseline to day 5 of stimulation; Change in the amplitude of left frontal alpha oscillations measured in eyes-o
Drug: Preservative Free Morphine; Drug: Saline	Mean Score of Depressive Symptoms
Behavioral: Enhanced usual care; Behavioral: stepped collaborative care	Change in pre- and post-intervention Beck's Depression Inventory II Scores (BDI-II); Rate of Completion of Daily Bright Light Therapy (BLT)
Drug: Ketamine	Structured Interview Guide for the Hamilton Rating Scale for Depression-Seasonal Affective Disorder Version (SIGH-SAD); Beck Depression Inventory-Second Edition (BDI-II)
Drug: (2R,6R)-Hydroxynorketamine hydrochloride; Drug: Placebo	Interval change in Quick Inventory of Depressive Symptomatology-16 Item Self Report (QIDS-SR16) between ECT sessions; Pittsburgh Sleep Quality Index (PSQI); Duration of Central Positive Complexes during ECT treatment
Behavioral: Cognitive-behavioral therapy (CBT)	Opioid Consumption; Pain Score; Obstetric Quality of Recovery Score (OBQSO10); Edinburgh Postnatal Depression Scale (EPDS); Number of participants with breast feeding success
Behavioral: counseling	Caregiver Quality of Life Questionnaire; Caregiver's Perceived Stress Questionnaire; Caregiver's Depression Questionnaire; Caregiver's IL-6, TNF α , fibrinogen, CRP
Behavioral: Lumen Treatment	Study as Whole: Psychiatric, psychological, neuroimaging, sleep and biological differences between participants in Groups 1, 2, 3, 4, and 5; Phase II: Scale for Suicide Ideation; Phase II: Montgomery-Asberg Depression Rating
Drug: Bupropion; Behavioral: Behavioral activation therapy; Drug: Placebo; Other: Clinical Management	Number of subjects with adverse events as a measure of safety and tolerability of (2R,6R)-Hydroxynorketamine; Pharmacokinetics of (2R,6R)-Hydroxynorketamine, maximum plasma concentration (C _{max}); Pharmacokinetics of
Other: sham TMS; Device: TMS; Behavioral: Self-System Therapy; Behavioral: Mindfulness exercises; Other: TMS + SST	Anxiety and Related Disorders Interview Schedule for DSM-5
Behavioral: Step-CBT	Score on Beck Depression Inventory (suicide item removed); Self-reported suicide attempt; Ketamine utilization at non-NIH facility
Behavioral: Unified Protocol; Behavioral: Therapist Support	ISP levels of distress seen with medical trainees and faculty; Demographics of residents and faculty physicians who seek counseling through in house program; Who responds to treatment--level of distress; Who responds to tr
Behavioral: Mothers and Babies	Change from Baseline Functional Magnetic Resonance Scan at 14 weeks; Change from baseline Penn State Worry Questionnaire (PSWQ) at 14 weeks; Change from baseline Positive and Negative Affect Schedule (PANAS) at
Behavioral: Electronic shared decision making (eSDM) tool	Quick Inventory of Depressive Symptomatology-Clinician Rated scale (QIDS-C); Serious adverse events; Serious adverse events with monotherapy; High sensitivity C-reactive protein; Adherence to medications by Pill Count; Fat
Behavioral: Emotionally Focused Therapy for Individuals; Behavioral: Self-Help CBT Training	Change in magnitude of BOLD signal; Electrophysiological changes using MEG and EEG measures; Clinical Rating Scales: BSL, C-SFRS, CTQ, HAM-A, NIH-BFI, PANAS, RBANS, RRS, SHAPS, and TLEQ
Drug: Ketamine; Other: Normal Saline	Measuring change - Late Life Function and Disability Instrument (LLFDI); Step Count-measuring change; Patient Health Questionnaire-9 - measuring change; Beck Anxiety Inventory - measuring change
Drug: Ketamine hydrochloride injection; Drug: Midazolam injection	Change Between Baseline and Post-Treatment System Usability Scale Score; Weekly Change in Willingness to Refer; Total Number of Referrals (Sum Score); Change in Cognitive Flexibility Inventory Score; Change in Cognitive
Behavioral: Mentors Offering Maternal Support (M-O-M-S)	Maternal depressive symptoms; Parenting outcomes (SE) and Parenting Hostile Reactive Behavior (HRB); Child self-regulation outcomes; Maternal mental health and cognitive-behavioral skills; Parent
Drug: FDA-approved selective-serotonin reuptake inhibitors (SSRIs) and selective-norepinephrine reuptake inhibitors (SNRIs)	Beck Depression Index (BDI-II); Proportion of patients who initiate treatment; Mean change in quality of life years (QALYs); Mean Patient Activation
Drug: FDA-approved selective-serotonin reuptake inhibitors (SSRIs) and selective-norepinephrine reuptake inhibitors (SNRIs)	Anxiety and Related Disorders Interview Schedule for DSM-5
Diagnostic Test: PHQ-9 - Mirror format	Score on Beck Depression Inventory (suicide item removed); Self-reported suicide attempt; Ketamine utilization at non-NIH facility
Behavioral: Stay Connected; Behavioral: Treatment as usual	ISP levels of distress seen with medical trainees and faculty; Demographics of residents and faculty physicians who seek counseling through in house program; Who responds to treatment--level of distress; Who responds to tr
Behavioral: The Common Elements Toolbox (COMET)	Change from Baseline Hamilton Rating Scale for Depression at Study Completion (8 or 20 Weeks); Hamilton Anxiety Rating Scale 14-item scale
Drug: Escitalopram; Drug: Placebo	Acceptability; Hopkins Symptom Checklist-25 (change); Short Physical Performance Battery (change); Late-Life Function and Disability Instrument (LLFDI) - functional component (change)
Behavioral: Positive Minds Strong Bodies Enhanced; Behavioral: Enhanced Usual Care	Depression severity; Working Alliance Inventory--Short Revised Client Version (WAI-SR-C); Working Alliance Inventory--Short Revised Therapist Version (WAI-SR-T)
Behavioral: Cognitive Behavioral Therapy; Behavioral: Interpersonal Psychotherapy	Correlation of Microbiome to Disease via Relative Abundance Found in Microbiome Sequencing
Other: No Intervention	Montgomery-Asberg Depression Rating Scale (MADRS); Clinician-Administered PTSD Scale for the DSM-5 (CAPS-5); Patient Health Questionnaire (PHQ-9)
Behavioral: Behavioral Activation; Behavioral: Cognitive Processing Therapy	Change from baseline in Depressive symptoms measured by the Patient Health Questionnaire-9 (PHQ-9); Change from baseline in Anxiety symptoms measured by the Generalized Anxiety Disorder-7 item scale (GAD-7); Treatr
Behavioral: CF-CBT: A Cognitive-Behavioral Skills-Based Program to Promote Emotional Well-Being for Adults with Cystic Fibrosis; Behavioral: Waitlist Control	Change in anxiety; Change in depression; Change in feelings of social isolation; Change in positive affect; Change in sense of meaning and purpose
Behavioral: Positive Emotion Skills Course	Proportion of patients initiating and completing a course of evidence-based psychotherapy (EBPsy) or evidence-based pharmacotherapy (EBPharm); Number of completed EBPsy templates during sessions with a relevant CF
Behavioral: Modeling to Learn (MTL); Behavioral: Usual quality improvement (QI)	Depression Severity changes scored from Patient Health Questionnaire (PHQ-9); Depression Severity changes scored from Quick Inventory of Depressive Symptom Questionnaire (QIDS)
Device: TMS treatment	Proportion of participants referred to the PATH program that log on to the program; Participant reports of the acceptability of the PATH program
Behavioral: Internet-based psychological support	11C-DASB PET; Influx constant (K _i) for 18F-DOPA PET; Correlation of 18F-DOPA with co-morbidities; Correlation of 11C-DASB with Neuropsychiatric evaluation; Correlation of 18F-DOPA and 11C-DASB with HIV infection
Drug: 18F-FDOPA; Drug: 11C-DASB	Change in Global Cognition assessed by RBANS; Change in disability function assessed with WHODAS-II; Change in Depression assessed by MADRS; Change in Episodic Memory assessed by subscale of RBANS; Change in
Behavioral: PATH-MCI; Behavioral: Supportive Therapy	Change in neuroinflammation as measured by 18F-FEPPA PET; Change in Montgomery-Asberg Depression Rating Scale (MADRS) score.
Drug: Celecoxib 400 mg	Change from baseline to post treatment of GWI-related pain and headaches; Change from baseline to post treatment of sensory and affective aspects of pain; Change from baseline to post treatment of headaches; Change fro
Device: Transcranial Magnetic Stimulation; Device: Sham Transcranial Magnetic Stimulation	Pittsburgh Sleep Quality Index (PSQI); Sleep efficiency; Total wake time; Total sleep time; Patient-Reported Outcomes Measurement Information System (PROMIS) Sleep Disturbance Short Form; PROMIS Sleep-Related Impairm
Behavioral: OPTIMISM; Behavioral: Sleep Education	Change in physical function; Change in generic health-related quality of life; Change in disease-specific health-related quality of life; Change in mental health (depression); Change in mental health (anxiety); Change in optimism; C
Behavioral: Collaborative Care	Number of participants who go into remission; Change in cognitive impairment as measured by the Montreal Cognitive Assessment (MoCA)
Device: MST; Device: ECT	Change in Synaptic Density Quantified by Regional Binding Potential (BP_ND)
Drug: [11C]UCB-J radiotracer; Device: PET-MR	Change from Baseline to Week 8 in Montgomery-Asberg Depression Rating Scale (MADRS); Change from Baseline to Week 8 in Clinical Global Impressions Bipolar Scale (CGI-BP-S) score; Adiponectin Level at Baseline and V
Drug: Bezafibrate	MADRS-10; Time to Relapse (stage 2)
Drug: NRX-101; Drug: Lurasidone HCl	Beck Depression Inventory-Second Edition; Perceived Hostility Survey (Ages 18+ and Ages 8-17); Multidimensional Scale of Perceived Social Support - Family subscale; Emotion Regulation Questionnaire-Cognitive Reapprais
Behavioral: Resilience Enhancement Skills Training; Behavioral: Problem-Solving Individual Therapy	Depressive Symptoms; Anxiety Symptoms; Stress
Behavioral: Amigas Latinas Motivando el Alma (ALMA)	Change in anxiety as measured by Generalized Anxiety Disorder 7-item scale (GAD-7); Change in symptoms of depression as measured by Patient Health Questionnaire 9-item (PHQ-9); Change in positive aspects of caregivin
Behavioral: Problem-Solving Therapy; Other: Attention-matched Control; Other: In-depth interviews	Depression level in glioma patients on temozolomide therapy treated with Mirtazapine; Patient Weight Change; Frequency and grade of nausea and vomiting in depressed glioma patients on temozolomide therapy treated with
Drug: Mirtazapine (Remeron)	Engagement with intervention; Usability & Satisfaction; Mental Health Self-Efficacy; Psychosocial functioning; Symptom severity; Mental health service follow-through
Behavioral: Text2Connect; Behavioral: Psychoeducational Videos (PE) Only	8-item Patient Health Questionnaire (PHQ-8) Depression Scale; Received Needed Health Care; Received Needed Rx; 7-item Generalized Anxiety Disorder (GAD7) Scale; Stress; General Health; Happiness; Problems paying other t
Other: Medical debt forgiveness	

Other: Yoga	Stress Wellbeing Anxiety Depression Resilience Positive Affect Negative Affect
Behavioral: Emotion Regulation Training via Telehealth	Changes in Anxiety, Depression, and Distress Changes in Worry Changes in Rumination Changes in Functional Impairment Changes in Life Satisfaction Semi-Weekly Measures of Treatment Changes in Anxiety Semi-Weekly Measures of Treatment Changes in Depression
Device: Accelerated theta burst stimulation Device: Sham stimulation	Change in the neural network underlying Explicit Suicidal Cognition (ESC) as measured by resting state functional connectivity changes in subgenual anterior cingulate (sgACC) and the default mode network (DMN) Change in functional connectivity between sgACC and DMN
Behavioral: QUIT Behavioral: Time-Matched Control (TM)	Short-Term Point Prevalence Smoking Abstinence Long-Term Point Prevalence Smoking Abstinence
Other: Brief Peer Supported webSTAR	Change from Baseline on Difficulties in Emotion Regulation Scale - 16 item version (DERS-16) at program completion and at two months after program completion. Change from Baseline on Personal Health Questionnaire Depression Scale
Drug: REL-1017 Drug: Placebo	Change in the MADRS10 total score Change in CGI-S score
Biological: S.typhi Injection Biological: Normal Saline Injection	Change in inflammation as indicated by cytokines Change in depressed mood as indicated by Hamilton Depression Rating Scale (HAM-D) score Level of prefrontal, limbic and striatal cortex activation as indicated by fMRI
Behavioral: Adapted MBCT Behavioral: Cardiac Health Enhancement	Recruitment feasibility: percent of participants recruited and enrolled Eligibility feasibility: percent of participants determined eligible MBCT intervention and control group feasibility: percent of participants adherent to their assigned intervention
Behavioral: Social Media Usage Manipulation	Changes in "Positive and Negative Affect Schedule" (PANAS) Changes in "Depression Anxiety and Stress Scale" (DASS) Changes in "Behavioral Activation for Depression Scale" Changes in "Social Media Use" Changes in "Affect Regulation Strategies"
Behavioral: Active neurofeedback Behavioral: Sham neurofeedback	Functional connectivity change between precuneus and right temporoparietal junction (rTPJ) Changes in Ruminative Responses Scale (RRS) scores Changes in Montgomery-Åsberg Depression Rating Scale (MADRS) scores
Behavioral: BA-HT Other: Standard Care	PROMIS Ability to Participate in Social Roles and Activities PROMIS Satisfaction with Participation in Social Roles PROMIS Physical Function with Mobility Aid
Other: Virtual Village	Change in depression after pilot testing virtual village
Behavioral: UP-Caregiver	Change in Anxiety levels as measured by GAD-7 Change in depressive symptoms as measured by the PHQ-9 Change in parenting beliefs as measured by the PSOC Scale Change in Hope as measured by the State Hope Scale
Behavioral: SMART Mom Behavioral: Mama Support	Change in perceived stress as indexed by Perceived Stress Scale (PSS) score Change in prenatal maternal distress as indexed by Prenatal Distress Questionnaire (NuPDQ) score Patient-Reported Outcomes Measurement Information System (PROMIS) Depression Scale
Device: Left Dorsolateral Prefrontal Cortex (L-DLPFC) Device: Dorsomedial Prefrontal Cortex (DMPFC) Device: Sham Stimulation	Change in the clinician rated Montgomery-Åsberg Depression Rating Scale (MADRS-C) in active vs. sham participants. Change in Borderline Symptoms List-23 (BSL-23) in active vs. sham participants.
Other: Tailored Active Intervention Other: Inactive Intervention	Sleep Disturbance Agitation Depression Activity of Daily Living Light/dark patterns Actigraphy
Behavioral: Mindfulness session	Change in Burnout Change in Anxiety Change in Depression Change in Perceived Health Change in compassion
Behavioral: Problem Management Plus for Immigrants at family settings Behavioral: Talk program with Community Support Service Pamphlet (CSS)	Change in the Perceived Stress Scores Change in the Anxiety and Depressive Symptoms Scores Change in the Hair Cortisol Concentrations
Other: Oxygen gas -Conservative Other: Oxygen gas -Liberal	Transcutaneous partial pressure of carbon dioxide (tcPCO2)
Behavioral: Multi-Modal Palliative Care Intervention Behavioral: Usual Care Control Condition	Change in advance care planning Patient Health Questionnaire (PHQ-9) Generalized Anxiety Disorder-7 The Death Attitude Profile - Revised, Fear of Death and Death Avoidance Scales Functional Assessment of Chronic Illness Consequences (FACIT)
Behavioral: IntelliCare Behavioral: Psychoeducation	Patient Health Questionnaire-9 Generalized Anxiety Disorder-7 App Engagement from App Launches App Engagement from App Launch Duration App Engagement from App Download 36-Item Short Form Survey Multidimensional Health Status Questionnaire (MHSQ)
Other: Psychological Support Based on Positive Suggestion delivered via pre-recorded MP3 message	Hospital Anxiety and Depression Scale (HADS) - Anxiety Impact of Events Scale-Revised Montreal Cognitive Assessment-Blind (MoCA-blind) EQ-5D Hospital Anxiety and Depression Scale (HADS) - Depression
Other: Home Based Care Team Other: Telephone Based Care Team	Proportion hospitalized or used emergency department without hospitalization GRID Hamilton Rating Scale for Depression (GRID-HAMD), 17-item version. Caregiver Assessment of Function and Upset (CAFU) Family caregiver burden
Drug: Ketamine Behavioral: Cognitive Testing Radiation: PET Device: MRI	Evidence of synaptic changes in psychiatric disorders confirmed by PET data. Evidence of synaptic density at time of its greatest anti-depressant response in psychiatric disorders confirmed with PET data.
Drug: Ketamine	Number and Rate of Participants Recruited into the Study through study period Completion of total infusion of ketamine by participants Percentage of participants and providers with positive response to ketamine administration
Other: Pharmacogenomic Screening	Rate of pharmacogenomic variation with actionable recommendations for medications currently utilized Rate of pharmacogenomic variation with actionable recommendations for all actionable medications Mental health disease burden
Behavioral: Spiritual Care Assessment and Intervention (SCAI) framework	Change in anxiety from baseline enrollment interview to 6-8 weeks post patient discharge Change in depression from baseline enrollment interview to 6-8 weeks post patient discharge Presence of post traumatic stress at 6-8 weeks post patient discharge
Behavioral: CBT Behavioral: ST	BOLD Effects Measured with Functional Magnetic Resonance Imaging (fMRI)
Drug: Escitalopram Drug: Duloxetine	Change in Hamilton Rating Score for Depression (HRSD) from baseline to week 8
Behavioral: Mindfulness-Based Cognitive Therapy	Retention rate Client Satisfaction Questionnaire (CSQ) Score Perceived Barriers to Psychological Treatment (PBPT) Scale Score Change in Difficulties in Emotion Regulation Scale (DERS) Score Post-group Follow-up Questionnaire
Other: Best Practice Procedure: Bright White Light Therapy Other: Survey Administration	Level of fatigue Sleep disturbance Anxiety Depression Distress
Behavioral: Behavioral Activation Other: Treatment as Usual	Depressive symptom scores on CES-D Community reintegration scores on PART-O-17 Quality of life in TBI scores on QoL-TBI Instrument
Behavioral: Smartphone app (Wysa)	Mean change in anxiety symptoms Mean change in depression symptoms Mean change in physical function symptoms Mean change in pain interference symptoms Frequency of app usage
Drug: Ketamine	Remission from Depression Change in Depression Severity Psychological Well-Being Change in Cognition Change in Executive Function Change in Suicidal Ideation
Behavioral: Baseline Surveys Behavioral: Digital Stories Intervention Behavioral: Information Control Intervention	Changes from Baseline Profile of Mood States (POMS) short version (Emotional Well-being or /Reduction of Emotional Distress) at 4 weeks and 3 months Changes from Baseline social well-being (using the general Functioning Well-Being Scale)
Device: Intermittent theta burst transcranial magnetic stimulation	Duration of abstinence Left dorsolateral prefrontal region glutamate Left dorsolateral prefrontal cortex thickness Depressive symptoms Cigarette consumption
Drug: Aripiprazole Augmentation Drug: Bupropion Augmentation Drug: Switch to bupropion Drug: Lithium Augmentation Drug: Switch to nortriptyline	Psychological Well-Being Remission from Depression Serious Adverse Events Falls Fall-related injuries Change in executive function Change in episodic memory Change in executive-control and cortico-limbic circuitry Change in functional connectivity
Drug: Lamictal	Impulsive Action Impulsive Choice
Behavioral: Brief Behavioral Activation Treatment	Change in Mood as assessed by The Edinburgh Postnatal Rating Scale Change in Mood as assessed by The Young Mania Rating Scale Side Effect as assessed by the Udvag for Kliniske Undersøgelser Side Effects Rating Scale
Behavioral: Remote Problem Management Plus	Treatment of perinatal depressive symptoms by non-specialist providers Treatment of perinatal depressive symptoms through telemedicine Treatment of perinatal anxiety symptoms by non-specialist providers Treatment of perinatal anxiety symptoms through telemedicine
Other: Multicomponent Implementation Strategy Other: eScreening	Psychological Outcomes Profile: Unabbreviated scale title "Psychological Outcomes Profile" "Patient Health Questionnaire: Unabbreviated scale title "Patient Health Questionnaire" Generalized Anxiety Disorder Scale: Unabbreviated scale title "Generalized Anxiety Disorder Scale"
Behavioral: Group piano training	Change in rate of screening completion Change in time to screening completion Change in rate of referral to care
Behavioral: Motivation Behavioral: Intention Behavioral: BA-Tech	Change in caregiver burden as assessed by the Zarit Burden Interview Change in depression as assessed by the Center for Epidemiological Studies for Depression (CES-D) Change in musical self-efficacy as assessed by the Music Self-Efficacy Scale
Other: Internet-Based Intervention Other: Questionnaire Administration	KickAsh group compliance with mood rating KickAsh group change in activity level KickAsh group user satisfaction Evidence of increased activity level in KickAsh and Breathe2Relax groups Evidence of improved mood in KickAsh and Breathe2Relax groups
Behavioral: MoodLifters Sessions	Satisfaction with Life Scale Patient Health Questionnaire Generalized Anxiety Disorder scale Emotion visual analog scale
Behavioral: WAVE-TW	Percentage of participant satisfaction Number of Completed visits Change in PTSD symptoms as assessed by the PTSD Checklist for DSM-5 Change in Depressive symptoms as assessed by the CES-D Scale Change in HIV Risk
Behavioral: I'm Whole Other: Education + usual care	Stroke Specific Quality of Life Scale Change Stroke Impact Scale Change Physical Activity and Disability Survey Change Subjective Index of Physical and Social Outcome Change Community Integration Questionnaire Change
Diagnostic Test: fMRI and DTI Behavioral: Behavioral questionnaires Behavioral: Disease-Specific Patient-Reported Outcomes Behavioral: Behavioral tests	Describe changes in Obsessive Compulsive Disorder disease burden after stereotactic radiosurgery Describe changes in Depression disease burden after stereotactic radiosurgery Describe changes in Pain disease burden after stereotactic radiosurgery
Behavioral: compassion meditation Behavioral: health education	Brief Pain Inventory (BPI) Pain Interference subscale Clinical Global Impression scale (CGI) Satisfaction with Life Scale (SWLS) Veterans SF-36
Behavioral: PISCES	Change in Anxiety Changes in Caregiver Quality of Life: Caregiver QoL Index Changes in Depression
Other: RESCUE Problem Solving Intervention	Change in Caregiver Depression Change in Caregiver Health Related Quality of Life Change in Caregiver Burden Change in Caregiver Problem Solving Abilities Change in Caregiver Self-Efficacy Change in Veterans's Functioning
Device: Transcranial Direct Current Stimulation	Number of Participants Demonstrating improvements on Objective Rating Scales of Depression via structured interview Apathy Scores as measure by a self-report scale (the Apathy Scale) Subjective Depression Severity rate
Behavioral: Single Session Interventions	Change in Fear of Self-Compassion by Condition Change in Self-Hatred by Condition Change in Individual Depressive Symptoms by Condition Change in Verbally Expressed Emotion-Sadness Change in PHQ-9 Depression Severity
Behavioral: Life Stories	Change in depression severity Change in health-related quality of life Change in psychological inflexibility
Radiation: 118FjPEEB Radiation: 11CjAPP311	mGluR5 availability using 118FjPEEB Synaptic density using 11CjAPP311 glutamate cycling using MRS Cognitive Functioning Assessed with CogState Software
Behavioral: Positive Affect Treatment Behavioral: Negative Affect Treatment	Anhedonia: Positive and Negative Affect Scale (PANAS) and interviewer-rated anhedonia Depression Anxiety and Stress Scale (DASS) Sheehan Disability Scale (SDS) Depression Anxiety and Stress Scale (DASS) - suicide item
Behavioral: BEAR	Change in Coping Self-Efficacy Scale (CSES) Trauma Symptom Inventory-II (TSI-2)
Other: No Intervention	Correlation of Microbiome to Disease via Relative Abundance Found in Microbiome Sequencing
Behavioral: Emotional Support Plan - Clinician Guided (ESP-C) Behavioral: Emotional Support Plan - Self Guided (ESP-S)	Change in distress on Patient Health Questionnaire (PHQ-9) Change in distress on Ecological Momentary Assessment (EMA) reports Change in anxiety symptoms on the Generalized Anxiety Disorder Questionnaire (GAD-7) Change in functional connectivity
Behavioral: Behavioral Intervention Group	Recruitment rates Rate of intervention completion Pain scale Roland Morris Disability Questionnaire (RMDQ) Depression Step counts
Behavioral: Visual Arts Behavioral: Music Behavioral: Dance Movement Behavioral: Writing Poetry Behavioral: Control	Acceptability Satisfaction of intervention as assessed by Client Satisfaction Questionnaire (CSO-8) scores to yield a homogeneous estimate of general satisfaction. Change in subject perception of intervention process scores
Behavioral: Cognitive Testing Other: MRI Radiation: PET	Evidence of glutamate availability (mGluR5) in psychiatric disorders confirmed by MRI and PET data.
Behavioral: PFI for Smoking & Distress Tolerance Behavioral: PFI for Smoking Only	Rulers for Smoking Cessation Barriers to Cessation Scale Smoking History Questionnaire Distress Tolerance Scale Mood and Anxiety Symptom Questionnaire-Short Form Self-Help Scale
Behavioral: Walking	Change in average steps per day from baseline week to week 12 Self-efficacy Intrinsic/extrinsic motivation Mental health
Behavioral: Living Well	Depression Anxiety Stress Scales-21 Depression Scale repeated measure of change Depression Anxiety Stress Scales-21 Anxiety Scale repeated measure of change Brief Experiential Avoidance Questionnaire repeated measure of change
Other: E2C2 Collaborative Care	Change in sleep disturbance Change in pain interference Change in anxiety Change in emotional distress Change in physical function Change in fatigue
Procedure: electroconvulsive therapy (ECT) Drug: Ketamine	Patient reported response to treatment Clinician reported response to treatment
Drug: Ketamine Drug: Perampanel Drug: Placebo	Prefrontal functional connectivity Cerebral metabolic rate of oxygen (CMRO2) Clinical improvement.
Device: Deep Brain Stimulator	Approach Avoidance Task
Device: Vagus Nerve Stimulation (VNS)	Montgomery Åsberg Depression Rating Scale (MADRS) Rate of Response Montgomery Åsberg Depression Rating Scale (MADRS) Time to First response Montgomery Åsberg Depression Rating Scale (MADRS) Time to First Response
Device: Mindfulness ecological momentary intervention Device: Self-monitoring placebo	Change from Baseline Generalized Anxiety Disorder Symptoms at 14-Day Post-Treatment Change from Baseline Generalized Anxiety Disorder Symptoms at 6-Week Post-Randomization Change from Baseline Perseverative Cognitive Style
Drug: MK-1942 Drug: Placebo	Change from Baseline in Montgomery-Åsberg Depression Rating Scale (MADRS) Total Score to Week 3 Change from Baseline in MADRS Total Score to Week 1 Number of Participants Who Experienced an Adverse Event (AE) or Serious Adverse Event (SAE)
Behavioral: Prenatal Yoga Behavioral: Mother Baby Wellness	Quick Inventory of Depression Symptom - Clinician Rating Edinburgh Postnatal Depression Screen State-Trait Anxiety Inventory Pittsburgh Sleep Quality Index Maternal & Neonatal Outcomes Checklist (MNOOC)
Other: Common Elements Toolbox- Adult version (COMET-A) Other: Self-awareness Control	Change in Patient Health Questionnaire-9 (PHQ-9) Change in Generalized Anxiety Disorder Screener-7 (GAD-7) Change in Short Warwick-Edinburgh Mental Well-being Scale (SWEMWBS) Ratings of Acceptability of Intervention
Behavioral: Uniform random message delivery Behavioral: Reinforcement learning message delivery	Depression scores Anxiety scores Self reported mood ratings
Other: 6% Carbon dioxide/50% oxygen/balance nitrogen mixture	Determine the correlation between baseline central CO2 chemosensitivity and the increase in transcutaneous CO2 levels after a seizure. Determine the correlation between baseline central CO2 chemosensitivity and the duration of seizure
Behavioral: Digital data	Health-related Quality of Life (HRQL), RAND 36-Item Health Survey Depressive symptoms, Patient Health Questionnaire-8 (PHQ-8) Anxiety symptoms, Generalized Anxiety Disorder-7 (GAD-7) Therapeutic Relationship, Work Status
Other: Questionnaires Procedure: Mechanical Temporal Summation assessment Procedure: Pain threshold assessment	Post-surgical pain scores in both groups Pain vulnerability in both groups Psychological vulnerability in both groups (1) Psychological vulnerability in both groups (2) Mechanical Temporal Summation as measured by von Frey Test
Device: Electroconvulsive Therapy (ECT) Device: Transcranial Magnetic Stimulation (TMS) Drug: Ketamine Drug: Esketamine	Montgomery-Åsberg Depression Rating Scale (MADRS) Pre-Post Change Clinical Global Impression (Severity) (CGI) Pre-Post Change Generalized Anxiety Disorder, 7-item (GAD-7) Pre-Post Change Montreal Cognitive Assessment (MoCA)
Behavioral: Doing What Matters in Times of Stress: An Illustrated Guide	6-week change in Kessler 6 Psychological Distress Scale (K6) 6-week change in the WHO 5 Well-being Index (WHO-5) 6-week change in Emotion Regulation Scale (ERQ) - Reappraisal subscale 6-week change in the Emotion Regulation Scale (ERQ) - Non-suppression subscale
Biological: KB301 Other: Placebo	Assessment of the safety profile of KB301 by recording adverse events. Evaluation of COL3A1 transgene expression 2-days post-dose. Investigator assessment of wrinkle improvement over baseline, using a 5-point Wrinkle Severity Scale
Drug: Lumateperone Drug: Placebos	Montgomery-Åsberg Depression Rating Scale Clinical Global Impression Scale - Severity
Behavioral: ACT on Life Behavioral: Education, Resources, and Support	The Depression Anxiety and Stress Scale (DASS-21) Military to Civilian Questionnaire (M2C-Q) The PTSD Checklist for DSM-5 (PCL-5) Defense and Veterans Pain Rating Scale
Drug: Palicocin Drug: Nicotin	Change in central rater Montgomery-Åsberg Depression Rating Scale (MADRS) total score from Baseline to post-dose Day 8 Change in central rater MADRS score from Baseline to post-dose Day 43 Change in on-site rater a MADRS score
Behavioral: REJOICE Other: Control	Depressive Symptoms - Beck Depression Inventory (BDI-II)
Drug: Esketamine 56 mg Drug: Esketamine 84 mg Drug: Placebo	Change from Baseline in Montgomery-Åsberg Depression Rating Scale (MADRS) Total Score from Day 1 (Pre-randomization) to the End of the 4-week Double-Blind Treatment Phase (Day 28) Change from Baseline in MADRS Total Score from Day 1 to the End of the 4-week Double-Blind Treatment Phase (Day 28)
Other: Proactive Psychiatry Consultation (PPC) Other: Enhanced Usual Care (EUC)	Disruptions in Cancer Care Patient and Caregiver Outcome Measures
Device: H7-Coil Device: H1-Coil	HDRS-21 Score Change From Baseline Response Rate in HDRS-21 Remission Rate
Behavioral: Electronic medical recorded clinical decision support (EMR CDS) Behavioral: Stepped opioid collaborative care model (CCM)	Change in rate of high dose opioid prescribing Change in average daily opioid prescription dosage Change in rate of inpatient hospitalization Change in rate of emergency department use Change in rate of depression symptom severity
Behavioral: i-Change Behavioral: Symptom Tracking	Clinical Global Improvement Scale (CGIS)-8-item Work and Social Adjustment Scale Quality of Life Enjoyment and Satisfaction Questionnaire Patient Health Questionnaire - 9 item 7-item Generalized Anxiety Disorder Questionnaire
Drug: BI 1358894 Drug: Placebo Drug: Quetiapine	Change from baseline in Montgomery-Åsberg Depression Rating Scale (MADRS) total score Response defined as ≥ 50% MADRS reduction from baseline Change from baseline in State-Trait Anxiety Inventory (STAI) State and Trait Anxiety Inventory
Behavioral: POST Facilitation Behavioral: Home Safety Evaluation	Discordance between treatment preferences and treatment received 12 months after POST Facilitation Proportion of patients who have a completed POST form 3 months after receiving POST Facilitation Decision conflict Decision regret
Behavioral: Electronic Media Enhanced Behavioral: Treatment as Usual	Improvement in Mental Health Related Quality of Life/Functioning Therapeutic Alliance Clinical Outcome - Improvement in scores of depression Clinical Outcome - Improvement in scores of anxiety
Other: Remember Stuff: A Dyadic-focused Technology to Support Persons with Alzheimer's Disease in the Community	Adherence to wearing continuous glucose monitoring (CGM) devices to measure glucose levels Adherence to wearing ActiGraph to measure physical activity and sleep Adherence to wearing Fitbit to measure physical activity
Behavioral: Behavioral Activation - Rehabilitation	Usability Acceptability Intention of Use Performance expectancy Computer literacy
Behavioral: Experimental: Investigate the effects of an exercise intervention on retired APF players	Feasibility measure per participant Total feasibility measure Feasibility measure Assess loss to follow-up Feasibility measure Hospital Anxiety and Depression Scale (HADS) Personal Health Questionnaire - 8 item version (PHQ-8)
Behavioral: Heartfulness Meditation	Percentage of PHQ-8 tasks Percentage of Voice Diary tasks Number of ping sensor recordings Number of hours of watch wear time
Behavioral: Mindfulness Based Stress Reduction (MBSR) Behavioral: Stroke Support Group (SSG)	Rate at which exercise will positively affect body composition Rate at which participants will see improvements in their physical abilities Rate at which participants will have overall improved sense of well-being, increased mood, and improved quality of life
Other: Music Therapy Other: Massage Therapy	Feasibility as measured by the Number of Meditation Sessions Completed Change in Resilience as measured by Connor-Davidson Resilience Scale (CD-RISC) Change in Anxiety/Depression as measured by the Hospital Anxiety and Depression Scale (HADS)

VA Office of Research and Development	All	18 Years to 65 Years (Adult, Older Adult)	Phase 2	90	U.S. Fed	Interventional
University of Pennsylvania/Weill Medical College of Cornell University	All	18 Years and older (Adult, Older Adult)	Not Applicable	1185	Other	Interventional
Weill Medical College of Cornell University	All	8 Years and older (Child, Adult, Older Adult	Early Phase 1	50	Other	Interventional
Hennepin Healthcare Research Institute/Minneapolis Heart Institute Foundation/The Miriam Hospital/National Heart, Lung, and Blood Institute (NHLBI)/University of Minnesota	All	18 Years to 75 Years (Adult, Older Adult)	Not Applicable	324	Other/NIH	Interventional
Johns Hopkins University	Female	18 Years and older (Adult, Older Adult)	Not Applicable	40	Other	Interventional
University of Florida/Dupont Fund, Jesse Ball/Florida Blue Foundation/Riverside Hospital Foundation	All	18 Years to 88 Years (Adult, Older Adult)	Not Applicable	568	Other	Interventional
Elizabeth Austen Lawson/Massachusetts General Hospital	Female	18 Years and older (Adult, Older Adult)	Not Applicable	76	Other	Interventional
VA Office of Research and Development	All	18 Years and older (Adult, Older Adult)	Not Applicable	252	U.S. Fed	Interventional
National Institute of Mental Health (NIMH)/National Institutes of Health Clinical Center (CC)	Female	40 Years to 65 Years (Adult, Older Adult)		1900	NIH	Observational
RAND/National Institute of Mental Health (NIMH)/University of New Mexico/Boston Medical Center/Hidalgo Medical Services/First Choice Community Healthcare	All	18 Years and older (Adult, Older Adult)	Not Applicable	300	Other/NIH	Interventional
Canadian Cancer Trials Group/Survivorship Research Group/Queen's University, Belfast	All	18 Years and older (Adult, Older Adult)	Not Applicable	962	Other	Interventional
Wake Forest University Health Sciences/National Cancer Institute (NCI)	All	18 Years and older (Adult, Older Adult)	Not Applicable	90	Other/NIH	Interventional
National Institute of Mental Health (NIMH)/National Institutes of Health Clinical Center (CC)	All	18 Years and older (Adult, Older Adult)		4000	NIH	Observational
Vanderbilt University Medical Center	All	18 Years and older (Adult, Older Adult)		100	Other	Observational
Garcia, Jose M., MD, PhD	All	18 Years to 65 Years (Adult, Older Adult)		16	Other	Observational
Boston University/National Institute on Drug Abuse (NIDA)	All	18 Years to 65 Years (Adult, Older Adult)	Not Applicable	250	Other/NIH	Interventional
Duke University	All	18 Years to 85 Years (Adult, Older Adult)	Not Applicable	400	Other	Interventional
Duke University/National Center for Complementary and Integrative Health (NCCH)	All	18 Years and older (Adult, Older Adult)	Not Applicable	300	Other/NIH	Interventional
Boston University Charles River Campus	All	18 Years and older (Adult, Older Adult)	Not Applicable	80	Other	Interventional
Duke University/National Institutes of Health (NIH)/National Heart, Lung, and Blood Institute (NHLBI)	All	18 Years and older (Adult, Older Adult)	Not Applicable	45	Other/NIH	Interventional
University of Alabama at Birmingham	All	18 Years and older (Adult, Older Adult)	Not Applicable	12	Other	Interventional
Duke University/National Institute on Minority Health and Health Disparities (NIMHD)	All	18 Years and older (Adult, Older Adult)	Not Applicable	160	Other/NIH	Interventional
University of Pittsburgh/Massachusetts General Hospital/National Institute on Aging (NIA)	All	60 Years and older (Adult, Older Adult)	Not Applicable	500	Other/NIH	Interventional
Linda Sangalli/University of Kentucky	All	18 Years and older (Adult, Older Adult)	Not Applicable	100	Other	Interventional
University of Alabama at Birmingham/American Occupational Therapy Foundation	All	18 Years and older (Adult, Older Adult)	Not Applicable	24	Other	Interventional
Medical College of Wisconsin	All	18 Years and older (Adult, Older Adult)	Not Applicable	60	Other	Interventional
VA Office of Research and Development/University of Iowa	All	40 Years and older (Adult, Older Adult)	Phase 2/Phase 3	100	U.S. Fed/Other	Interventional
VA Office of Research and Development	All	18 Years to 70 Years (Adult, Older Adult)	Not Applicable	240	U.S. Fed	Interventional
Duke University/University of Washington/University of Colorado, Denver/National Center for Complementary and Integrative Health (NCCH)	All	18 Years and older (Adult, Older Adult)	Not Applicable	240	Other/NIH	Interventional
Ajay Wasan, MD, Msc/National Institutes of Health (NIH)/National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS)/Brigham and Women's Hospital/Mayo Clinic/University of Pittsburgh	All	18 Years to 75 Years (Adult, Older Adult)	Phase 2/Phase 3	300	Other/NIH	Interventional
University of Chile/Columbia University	All	18 Years and older (Adult, Older Adult)		2000	Other	Observational
OMNI Medical Services, LLC/OMNI Medical Services Inc	All	7 Years and older (Child, Adult, Older Adult	Phase 2	200000	Other	Interventional
Freeman-Sheldon Research Group, Inc.	All	Child, Adult, Older Adult		20	Other	Observational
Allergan	All	18 Years to 65 Years (Adult, Older Adult)	Phase 2	1072	Industry	Interventional
